Project ABLE (AIDS Budget Legislative Effort) is a statewide coalition of AIDS service providers, advocates and people affected by HIV. For more information, go to <http://www.projectablema.org> or contact 617.797.8488 or HIVProjectABLE@aol.com

Funding is needed for Massachusetts to get to ZERO new HIV and hepatitis C infections. More people need to be tested and, if infected, brought into care to stay healthier longer and reduce the the likelihood that infection will spread. As more infected people live longer, services are also needed for people to stay living in the community, and out of expensive institutional settings.

On February 5, ask your legislators to join us in GETTING TO ZERO by restoring critical HIV/AIDS and hepatitis C funding in the Fiscal Year 2015 state budget!
